

UCI Samueli School of Engineering

Materials and Manufacturing Technology Preliminary Exam Committee Nomination

This form must be submitted to your Student Services Advisor **prior to scheduling your exam**. You will be notified if there are any problems with your proposed committee.

Student Name: _____ **Student ID:** _____

Email: _____ **Exam Date Range:** _____

The MMT Ph.D. preliminary examination is designed to test the student's knowledge in preparation for Ph.D. research. Details include:

- The preliminary examination is a 60-90 minutes oral exam related to content of the core courses.
- It is the student's responsibility to confirm acceptance with these members and to arrange the logistics (date, time, and location).
- It is a requirement to have all committee members present at one time in order to take the exam.
- Following the exam, the student will need to obtain the member's signatures and outcomes on the MMT Preliminary Exam Report form. Once completed, the student will submit the form to Graduate and Professional Studies to verify results.

The MMT PhD Preliminary Exam committee will be:
